Frontend Developer | React.js | JavaScript | Web Development

Professional Summary

Aspiring React.js developer with solid experience in HTML5, CSS3, JavaScript (ES6+), and React. Developed real-world projects including an **E-commerce app, Chatbot, Portfolio,** and **Todo-task manager**. Proficient in building responsive UIs, managing state, and working with reusable components. Experienced in leveraging AI coding tools like **ChatGPT, Claude, DeepSeek,** and **GitHub Copilot** for enhanced productivity and optimized development workflows.

Technical Skills

- ❖ Frontend Development:
  - o HTML5, CSS3, JavaScript (ES6+), JSX
  - o React.js, React Hooks, React Router, Context API
  - o Props, State Management, CRUD Operations
  - o Virtual DOM, Local State, Controlled Components
- ❖ Tools & Platforms:
  - o Git & GitHub, VS Code, Chrome Dev Tools
  - o **AI Coding Tools:** ChatGPT, Claude, DeepSeek, GitHub Copilot

Project Experience

- ❖ E-Commerce Website | https://sammsung-store.netlify.app /
  - o Built using React.js and Axios. Includes dynamic routing, product listing, and global state management via Context API.
- ❖ Portfolio Website | https://nambitechie.netlify.app /
  - o Created a personal portfolio to showcase skills and completed projects. Applied reusable components and client-side routing for seamless navigation.
- ❖ Chatbot Assistant | https://chat-bot-walmart.vercel.app /
  - o Developed an AI-style assistant using React.js. Built to offer real-time conversational UI to support users, responsive layout, and interactive features.
- ❖ To-Do Application | https://todo-app-lac-sigma-48.vercel.app /
  - o Developed a responsive to-do app with features like task addition, deletion, and completion. Utilized React Hooks and local state management.

Professional Experience

- ❖ Front-end Developer – Internship Project
  - o Coder Profession | 2024 – Present
    - Practical experience in React SPA development
    - State management using Context API and CRUD operations
    - Built scalable apps with clean UI architecture

Education

M.Sc. Botany
St. John's College, Palayamkottai | 2021 – 2023
